- Wide Area Workflow is a system utilized to research contract/orders when there are questions concerning the orders. Contractors use the system to input delivery information into the system
 - When researching an order in WAWF we can research the following
 - Complete delivery of an order (has the order delivered complete)
 - Whether or not the QAR has signed the order showing that the order has been inspected
 - Tracking information inputted by the contractor

- In order to log into Wide Area Workflow (WAWF)
 - Type in the website https://wawf.eb.mil/ in your browser
 - This will bring you to the "Accept" page
 - Click on "Accept" in the lower left hand corner

Notification of Defense Agency Initiative Release 12 (DAI R12) Upgrade

Due to the R12 upgrade the DAI system will be down from April 23 - May 3, 2015. Payments issued through the DAI system ("for self"), or where DAI is required to support prevalidation processes for payments in other entitlement systems, will be held until the upgrade is complete. It is anticipated that the DAI downtime will have a minimal impact on the overall timeliness of the payment processes, but emergency requests (both payments and prevalidations) can be processed on an as needed basis. For planning purposes please note the following key dates for the upgrade:

Friday, April 17 - Final DAI foreign currency payment cycle Tuesday, April 21 - Final DAI "for self" payment cycle Wednesday, April 22 - Final

 #SPM4AX12D9402 and Delivery Order #21XM
 - Enter the DODAAC # which is found on the order in block 6
 - The DODAAC for this order is "SPM400"
 - Under the Search box choose "Contract Review"
 - Under "Contract Number"
 - Type in the contract number
 - Under the Delivery Order block
 - Enter the delivery order number
 - Click "submit"

(Note: If researching the order by the DODAAC # the contractor must ensure to enter the correct DODAAC in the system on their side. If the contractor does not enter the correct DODAAC in the system on their side it could delay DLA in being able to research the order in question. The correct DODAAC is listed in block #6 of the order.)

Posting Goods Receipts

- Determine what type of material needs to be posted
 - FAT CLIN
 - Additive Cost CLIN
 - Termination for Convenience Cost CLIN
- Verify the costs match on both the contract and the information listed in EBS/EProcurement
- Ensure that the CLIN is not "locked" in our systems
 - Locks on CLINs are done to ensure there is no payment without correct approval
- Post Material through "MIGO"
 - MIGO is the system in EBS that posts material as received
- Sign documentation in WAWF
